

# VOTER INFOGRAM

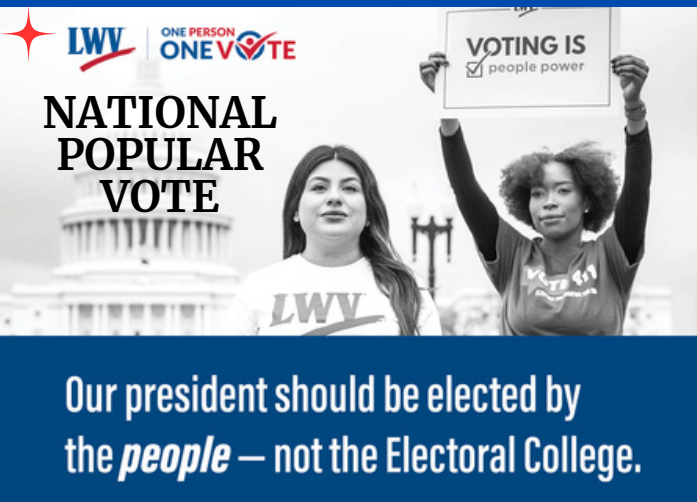

ISSUE 1

SEPT 1, 2025

Welcome to the new **Voter Infogram**. Each month, we will send out topics of interest with links you can use to dig deeper into the issues that matter most to you. Click on the short paragraph to access the link for more information.

**Ranked Choice Voting** is gaining in popularity and understanding. The League of Women Voters supports changing how we vote in local and state elections to Ranked Choice Voting. Why? Simply because it is a fairer way of representing the preferences of a majority of the voters in that jurisdiction.

The **National Popular Vote Interstate Compact** law will guarantee the Presidency to the candidate who receives the most popular votes in all 50 states and the District of Columbia. It will apply the one-person-one-vote principle to presidential elections, and make every vote equal.

**Project 2025** outlined steps to restrict voting rights. The **SAVE Act** passed by the House is the beginning. The current administration is acting on Project 2025 ideals that would impact voting rights for the military, women, minorities and the physically disabled.

## VOLUNTEER

The League of Women Voters is a grassroots organization that runs on volunteer energy. Please consider joining our group of dedicated volunteers to help register future voters. Check our calendar of events (double click Calendar above) and consider signing up to help.

You can also volunteer by hosting a small gathering of family, friends and/or neighbors to discuss topics such as The State of Voting Rights, Ranked Choice Voting, or Medical Access for All. Our Speakers Bureau has trained volunteers who are willing and able to offer information on these and other topics.

## PRESIDENT'S MESSAGE

Hello Members and Friends,

We are excited to offer this new format to share information. I hope you will consider joining us in *Defending Democracy*. We are busy registering voters, advocating and educating the public. We are supporting our allies by showing up for rallies. We need to stay aware of all that is going on and keep our voices heard. With your help, either by volunteering or financial support, the League of Women Voters will continue, as we have for 105 years, to provide voting information and human rights advocacy.

In League,  
Lori Robinson
